## Customer Reviews

I own six or seven books by this author, in the same series. They all intrigue me because you can find in them recipes that you will not find anywhere else. They are very interesting. On the negative side, these recipes don't always produce clean, simple flavors (the kind of flavor you would associate with mediterranean cooking, for example). They often ask for many ingredients, which easily produces a repetitive "melange" taste.

Thank you. Lots of ideas for my friend who wants to prepare French Vegan recipes!

We have tried a dozen recipes and loved them all. I only wish there was an index. I can't wait try

more recipes!

great book
