**Woodworking Book Collection: 75 Different Woodworking Plans And Projects**DIY: 25 Woodworking Projects To Decorate Your SpaceDo you want to decorate your home with some amazing DIY woodworking projects? If YES then this DIY book will be your great choice. In this book DIY you will learn really cool, latest and stylish woodworking ideas that will help you to decorate your space in really an amazing way.

**Wood Pallet Projects for Beginners: 15 DIY Household Hacks to Reuse Wood Pallets and Decorate Your Space**Are you interested in learning how to create beautiful pieces of art and functional, decorative pieces for your home from wood? Did you know you can use wood pallets to make these amazing, personal touches? Wood pallets are everywhere! Theyâ™re used by transportation companies to ship products across the globe, the country, and even locally. But what happens to a wood pallet once itâ™s been used by a company and dropped off? Well, the company whoâ™s received the shipment will have to either recycle the pallet at a cost to them or they might reuse it. If youâ™re savvy with a few manufacturing business owners, you can obtain wood pallets for free to create functional pieces of art out of!

## **Customer Reviews**

This is a great wealth of information, ideas and help for anyone interested in woodworking! Multiple plans and outlines to get some idea flowing. I have trouble getting started on a new project sometimes and books like these get some inspiration going. Downloaded through Kindle and it was free! That is the best part of it all because free information and good plans are not easily come by!

Some good ideas here for DIY, but somewhat poorly written and littered with typographical errors.

Considering price, not bad.

Save your money on this. There are NO actual "Plans" included in this book as advertised. It's all words, and most of it is in very bad broken English. Must have been translated from something.

Lots of ideas of things to make. However, no pictures or diagrams of the item so I can't figure out what I'd be making or if I want to make it. Useless book on this topic. Deleted mine.

This book is described as woodwroking "plans" and yet contains no drawings or palns at all.. just written instructionsVery deceptive!
