Customer Reviews

I love this book! I used to do a lot of miniature vignettes and rooms a very long time ago. This has me raring to go to make a lot of these projects. The directions are well written. The photos are great. The creativity is genius! I wouldn't have believed you could do so much with "found" stuff. Kudos to Joanna and Christine!

What a fun book! It was an absolute delight reading the collection of projects. It may be a small book, but it is packed with projects to keep any miniaturist busy for weeks! Fun projects to do with materials that are easy to find and budget friendly. This will definitely be a book I considered as part

of my miniature references. Thank you Chris and Joanna! I look forward to seeing Volume 2!

Miniatures fascinate me. I was delighted to find all sorts of ideas for making some for myself and turning small "trash" into treasures. A fun book!

What a wonderful collection for the beginning miniaturist! Not too difficult and oh, so clever ideas!
