The Unfaithful Widow: Fragmented Memoirs Of My First Year Alone

The Unfaithful Widow

Fragmented Memoirs Of
My First Year Alone

BARBARA BARTH

Synopsis

Welcome To My World. Doing All Those Things I Thought Iâ™d Never Do Again. The Unfaithful Widow is a collection of essays and fragmented thoughts on finding joy again after the loss of a mate. A memoir of the first year alone written with warmth and laughter, no subject is taboo. From dealing with the funeral home (Can I show you our upgraded cremation package? I looked at Miss Death, was I booking a vacation?) to dating again (He ran in the door, looked at me and said âœlâ™ve left something in my car.â • He never returned). Sprinkle in a bevy of rescue dogs (Finally a good nights sleep with someone new in my bed.) and those questions you hate to ask (Condoms anyone?). A story for anyone who has suffered loss and is determined to become their own super hero. The Unfaithful Widow will make your heart ache while tickling your ribs. A deeply heartfelt, candid memoir about rediscovering the joy of living in the wake of death. This book is a testament to love and the emergence of an original voice.â • â “Philip Nutman, critically acclaimed author of Wet Work and award-winning screenwriter. Join Barbara as she takes you on a year’s journey to find a new life for herself after her husbandâ™s death. Funny, endearing and full of hope, her experiences will make you laugh, bring a tear to your eye and make you shout, "Go Girl" as she reinvents herself as a creative single woman. More than a widow story--this tale is for anyone rediscovering themselves...Patrice Dickey, Your Guide to the Life You Love, and the award winning author of "Back To The Garden: Getting From Shadow To Joy."

Customer Reviews

In her review, Audrey Frank said, "This is a book for anyone who has a void to fill in her life."That's much too limiting.No void is necessary, and the book is not just for females. It's a book for anyone seeking entertainment and anyone who might benefit from inspiration to keep going. It's also for everyone who likes dogs and soft-core dirty talk.Barbara Barth is a master (mistress?) storyteller, with an uncanny ability to recall or recreate dialog. She is able to pluck humor from sadness. She shows proper respect for the past without being a prisoner of the past. Barbara demonstrates impressive resilience, strength and the ability to keep looking ahead despite widowhood, bad dates, and the death of a dog. Her unwillingness to accept cliché roles dictated by age, custom or gender are important lessons for everyone.I don't want to concentrate only on the inspirational aspects of the book, because it is a LOT OF FUN. I read the Kindle version on a bumpy train ride. I was tired and woozy. A lesser book would have made me turn off my iPad. With Barbara's book, I kept tapping to turn the electronic pages to see what happens next. The woman sitting next to me wondered what was making me laugh and she started reading along with me. I read faster than she did, and let her catch up before I turned the pages.Although I didn't "get" the cover illustration (it's apparently a chick thing) and at times I thought I was overhearing a conversation that was meant just for women (number of bras owned, evaluating a man's butt), at other times I thought Barbara was talking directly to me.Buy the book and hear what Barbara has to say to you. You won't be disappointed.Michael N.
