Florida Celebrity Addresses: 300+ Celebrity Mail Addresses For Agents, Autograph Collectors, Event Organizers, Charity Fundraisers, Journalists, And More!

Synopsis

INTRODUCTION For the best part of a decade I made my living, in fact I made a small fortune, sourcing world class signed memorabilia for some of the worlds biggest private collectors and dealerships of autographs in the world. I started from the bottom up, building contacts, sensitive address lists, even driving around in a car like a paparazzi. Within three years I employed three people to source the autographs using my carefully compiled collection of fully verified celebrity mail addresses. Now that I have taken semi-retirement in Spain to run a small beachside bar I have no use for the collection, no rivals to keep them from, and my dossiers have been taken out of the safe, dusted down, and typed up into a collection of Kindle exclusive books for collectors, dealers, and anybody else who would benefit from the ability to tap into this data for their commercial operations. There was a time when I wouldn't have sold my collection of celebrity addresses for any less than \$100,000; it was worth more than that to me each and every year. Now the entire collection can be yours for \$8.99 – just one successful letter to an A-list celebrity could give you a 4000% return on investment. I can make no guarantee that all of these addresses will still be valid, only that they have all once been valid and have been valid recently; but I would expect that at least 90% of the addresses in this awesome collection will still work. Whether you are an autograph collector, an aspiring autograph dealer, a charity who wants to raise funds, an agent looking for clients, a journalist looking for potential interviewees, or a film producer looking for people to cast – this book will prove invaluable. I just know that my collections will become the first that you refer to after your first batch of letters leave. James Albrighton isn't my real name, it is completely made-up, but when you establish close relationships with celebrities and their agents for a decade or more you just simply don't want to be seen to breach that trust. Selling you years of research for the price of a fast food meal isn't easy for me, but it is the right thing to do – I'm not going to use them, I want you to. **fTHE SERIES** My carefully compiled and verified collection of celebrity mail addresses currently stands at 12000; it once stood at 20000 – sometimes celebrities simply move home! This book, 'Florida Celebrity Addresses', contains the 300+ mail addresses of famous people that live in Florida.
