This is the book I always wanted to have as my pocket book. I've tried many diets to keep my weight under control but I love to eat. Who doesn't? Now I can eat deliciously and be slim. My husband is very happy now because I cook. I didn't like to cook. Now I can try new dishes a lot with low opportunity to be fat. I recommend the book to everyone not only to those who want to lose weight.

Yes, it's a low-carb diet cookbook. Be careful that you shouldn't use it when you're after weight loss. It just gives you advice on what to cook for snacks and desserts to enlarge your meal so to speak. My wife loved the chocolate recipes, especially the truffles and cheesecake with chocolate. I don't want to give 4 stars because we will use the tips here. Probably 4.5 would be it for the high calories in this book. Be precautionous when you follow a diet meant to cut a couple of pounds off you.

Good book with helpful tips and advice. I learned a lot about healthy eating and diet. It helps me maintain a healthy lifestyle. Now I tell all her friends about her wonderful advice. Recipes wonderful they bring only benefits to your body. I learned a lot and I am glad that I can share with loved ones. I advise everyone who wants to be healthy and beautiful.

This book is really great book. You will find out how to lose weight without diet and exercise. This book contains the benefits of protein, starting your routine diet, and many recipes are included in this book. I have nothing to say in this book, I just want to share it to many readers, including my friends.
